Handicap Rules

- Handicaps are based on 90% of 230. 230 average bowlers and above bowl scratch. Bowlers without an accepted average (see below) will bowl scratch (230).
- **Accepted Averages:** Bowlers will use their highest bowl.com average (of more than 21 games) from the last 2 years. If no book average, a current summer league average may be used if the bowler brings a copy of the most current league standing sheet to verify their average. No youth averages.
- Tournament Director reserves the right to re-rate any entry.

Bowl For Free

After your team is entered and paid in full, recruit a new team (a new team consists of 4 bowlers that have never bowled in the Handicap Summer Foursomes) & receive a \$100 reward! Any team member can recruit new teams – not just team captains. Start your recruiting now! To ensure you receive your reward, make sure that the Referral Information is filled out on the new team captain's entry form. One referral per person.
